Regional Forum / CineLink Drama

Changing film financing landscape in the region: what will the surge in tax incentive schemes bring?

2016 brought an increase in tax incentives for both local and foreign productions in the region, with Serbia, Slovenia and Montenegro all introducing new schemes, meaning most of the countries in the region now operate this type of public support in addition to the existing selective subsidies schemes. How will this affect production costs and co-production trends in the region in the future?

Presentation of the Karanović & Nikolić publication by Jovan Marjanović, Sarajevo Film Festival, followed by a panel discussion

Moderated by Leonid Ristev (Karanović & Nikolić)
